

WRECK POND BROOK WATERSHED REGIONAL STORMWATER MANAGEMENT PLAN

BOOK 2: MANAGEMENT PLAN

**Prepared by
Wreck Pond Brook Watershed Technical Advisory Committee**

**Under the Authority of
Wreck Pond Brook Watershed
Regional Stormwater Management Plan Committee**

Lead Planning Agency: Monmouth County Planning Board

PRINCIPAL STUDY PARTICIPANTS

Monmouth County Office of Geographic Information Systems

Monmouth County Planning Board

**New Jersey Department of Environmental Protection, Division of
Watershed Management**

New Jersey Department of Agriculture

Najarian Associates

Rutgers Cooperative Research and Extension

Freehold Soil Conservation District

Monmouth University

Monmouth County Planning Board

Hall of Records Annex

1 East Main Street

Freehold NJ 07728

SEPTEMBER 2008

TABLE OF CONTENTS

	<u>PAGE</u>
1 INTRODUCTION.....	1
1.1 Purpose and Goal.....	4
1.2 Scope.....	5
1.3 Introduction to Book Two	7
2 WATERSHED CHARACTERIZATION.....	8
2.1 Technical Studies.....	11
2.2 Overall Evaluation of Pollutant Sources.....	11
2.2.1 Watershed Sources	11
2.2.2 Pond Processes.....	12
2.2.3 Water Fowl and Wildlife	12
2.2.4 Natural Conditions	12
2.2.5 Pollutant Source Summary	13
3 BUILD-OUT ANALYSIS	14
3.1 Zoning Analysis.....	15
3.2 Build-Out Land Use.....	18
3.3 Build-out Timeframe.....	20
3.4 Hydrologic and Water Quality Impacts of Full Build-out.....	23
3.5 Recharge Impacts of Full Build-Out	27
4 WATER QUALITY STANDARDS AND OBJECTIVES	30
4.1 Water Quality Management Units	30
4.2 Existing Stormwater Related Concerns	32
4.2.1 Water Quality Impaired Uses	32
4.2.2 Bathing Beach Closures	35
4.2.3 Ecologic Concerns related to Water Quality	35
4.2.4 Flooding Issues.....	36
4.2.5 Habitat Loss.....	36
4.2.6 Stormwater Management Problem Ranking	36
4.3 Specific Water Quality and Quantity Objectives.....	37
5 DESIGN AND PERFORMANCE STANDARDS	39
5.1 Management Measures for New Development.....	39
5.1.1 State Regulations	39
5.1.2 Municipal Stormwater Management Plans and Local Ordinances.....	41
5.2 Management Measures for Existing Development.....	42
5.2.1 Sanitary Sewer Improvements.....	44
5.2.2 Pet Waste Reduction	44
5.2.3 Street Sweeping, Yard Waste and Storm Drain Maintenance	44
5.2.4 Improper Disposal of Materials in Storm Sewers	45

TABLE OF CONTENTS (continued)

	<u>PAGE</u>
5.2.5	Waterfowl Management..... 45
5.2.6	Agricultural Practices 46
5.2.7	Improvement of Existing Stormwater Facilities 47
5.2.8	Fertilizer Application for Residential Landowners 47
6	RECOMMENDED STORMWATER MANAGEMENT SPECIFIC PROJECTS 48
6.1	Funded Projects..... 48
6.1.1	Installation of Manufactured Stormwater Treatment Devices..... 49
6.1.2	Restoration of the Ridgewood Road Former Gravel Pit..... 51
6.1.3	Restoration of Weir at Spring Lake Golf Course 52
6.1.4	Wreck Pond Brook Headwaters Restoration..... 53
6.1.5	Rain Garden Demonstration Project..... 54
6.2	Other Priority Projects..... 54
6.2.1	Dredging of Various Ponds..... 55
6.2.2	Stream Restoration Headwaters of Wreck Pond Brook and Hannabrand Brook 56
6.2.3	Online Sediment Basin at Black Creek 56
6.2.4	Development of Natural Wetland at the Jimmy Burne Site 57
6.2.5	Wreck Pond Shoreline Habitat Improvements 57
6.3	Other Potential Specific Stormwater Management Projects..... 57
6.3.1	Public Works Yards Restoration 57
6.3.2	Additional Stream Restoration 58
6.3.3	Installation of a Regional Stormwater Basin on Hannabrand Brook 58
6.4	Additional Studies and Proposed Work Groups 59
6.4.1	Golf Course and Hannabrand Brook Storm Sampling 59
6.4.2	Watershed Pond Studies 60
6.5	Recommendations for Black Creek..... 60
6.5.1	Proposed Black Creek Projects 61
6.5.2	Recommendations Further Action in Black Creek 61
6.6	Wreck Pond Rehabilitation..... 63
6.6.1	Pond Dredging..... 63
6.6.2	Shoreline Stabilization and Vegetation 64
6.6.3	Measures to Reduce Beach Closings..... 64
6.6.4	Modification of Beach Closing Model..... 65
6.6.5	Addition of a Pumping System..... 65
6.7	Education..... 65
7	STRATEGY FOR PLAN IMPLEMENTATION 67
7.1	Wreck Pond Watershed Commission 67
7.2	Wreck Pond Management..... 68
7.3	Wreck Pond Watershed Website 68
7.4	Stormwater Management..... 69
7.5	Riparian Buffers 69

TABLE OF CONTENTS

	<u>PAGE</u>
7.6 Development Ordinances	69
7.6.1 Soil Erosion and Sediment Control	69
7.6.2 Zoning and Stormwater.....	70
7.7 Municipal Management and Shared Services.....	70
7.8 Public Education	71
7.9 Implementation of Specific BMP Projects	71
7.10 Funding Sources.....	72
8 FUTURE MONITORING AND PLAN UPDATES.....	73
8.1 Future Monitoring Studies.....	73
8.1.1 Black Creek	73
8.1.2 Wreck Pond Hydrodynamics and Sediment Release	73
8.1.3 Hannabrand Brook Flow Studies	73
8.1.4 Storm outfall Studies.....	74
8.2 Long-term Monitoring.....	74
8.3 Procedure for RSWMP Evaluation and Updates.....	74
9 CONCLUSIONS.....	75

LIST OF TABLES

1.	County Gage and Sampling Stations	9
2.	Use of Developable and Undevelopable Lands	14
3.	Zoning Districts	16
4.	Overall Watershed Zoning – General	18
5.	Zoning of Potentially Developable Lands	19
6.	Zoning of Wetlands and Buffers	19
7.	Developable Lands Zoning.....	20
8.	1986 Land Uses	22
9.	Land Use Changes under Build-Out	23
10.	Build-Out Loading Simulation from SWMM Model– 2-Year Storm	24
11.	Build-Out Loading Simulation from SWMM Model – 1996 Wet-Year	24
12.	Build-Out Loading Simulation from SWMM Model – 2001 Dry-Year	26
13.	Recharge Rankings of Undeveloped Lands as Zoned	29
14.	Watershed Management Units.....	30
15.	Relevant Surface Water Quality Standards.....	33
16.	Early Recommended BMP Cost Estimates	49
17.	Funded Projects List	50
18.	Additional Priority and Other Future Projects List.....	55

LIST OF FIGURES

1.	Watershed Location Map	2
2.	Watershed Aerial Photograph	3
3.	Watershed Hydrologic Features and Sub-Watershed Boundaries.....	10
4.	Zoning of Developable Lands	21
5.	SWMM Model Results – Build-out Analysis	25
6.	Recharge Rank of Developable Lands under Future Zoning	28
7.	Stormwater Management Units	31
