County of Monmouth – Office of the Fire Marshal
Mutual Aid Response Plan

1. The Initial Dispatch is for your home company response and any automatic aid responding on the initial dispatch.
2. In addition to a Zone / Box number please indicate a corresponding geographic reference / direction for the area the zone / box serves.
3. The Box Alarm is for bringing additional resources to the scene.
4. For 2nd and 3rd alarms, a minimum of 2 Engines and 1 Ladder are to be assigned. Incidents expanding to a 4th alarm or greater will be coordinated by the Monmouth County Fire Marshal's Office.
5. For station coverage, specify what equipment you want to cover. ie: Engine 16-2, Ladder 36-2, Rescue 19-2. Any other verbiage will not be accepted as it may confuse dispatchers. If the cover location is different than you primary fire house, please indicate the cover location within the cover assignment box. ie: Engine 32-1 to Station 16-1 Siloam Road Firehouse.
6. The * symbol will continue to indicate a resource to be dispatched only upon the request of the incident commander.
7. When utilizing out of county resources please indicate county and company name in addition to the unit number, ie: Middlesex Monroe Tower 57.
8. Mutual Aid Response Plan changes will be sent in email to marp@mcfmnj.org. Upon receipt of a MARP change an appointment will be scheduled with the Monmouth County Fire Marshal's Office for an in-person consultation prior to any changes being implemented.
